

Table 1. Qualifying Equipment or Services - (continued)

Equipment or Service	Customer Incentive	Mid-Market Incentive	Contractor Required	Participation Procedure
<i>For Insulation Measures:</i>				
<ul style="list-style-type: none"> • Incentive may not exceed total project cost. • In order to receive non-self-install incentives, work must be completed by a qualified weatherization trade ally per program requirements. • Customers with both electric heat and electric cooling are only eligible for the electric heat incentive. • Customers applying for electric heat incentives must have a permanently installed electric furnace, heat pump or zonal electric heat system serving at least 80% of the home's conditioned floor area and used as the primary heat source of the residence. • Customers applying for electric cooling incentives must have a permanently installed ducted central air conditioner or heat pump that cools at least 80% of the home's conditioned floor area. • Insulation must be fully installed per program requirements prior to submitting application. • For participating WAP contractors, the customer incentive will be paid directly to the WAP contractor. 				
Windows - Residences with Electric heat				
Tier 2 (R-5) Windows U-Factor of ≤ 0.22	\$2.00/SF	NA	No	Post purchase application
Windows - Residences with Electric cooling				
Tier 1 Windows U-Factor of ≤ 0.30	\$0.50/SF	NA	No	Post purchase application
Tier 2 (R-5) Windows U-Factor of ≤ 0.22	\$1.00/SF	NA	No	Post purchase application
<i>For Windows Measures:</i>				
<ul style="list-style-type: none"> • Incentive may not exceed total project cost. • Customers with both electric heat and electric cooling are only eligible for the electric heat incentive. • Customers applying for electric heat incentives must have a permanently installed electric furnace, heat pump or zonal electric heat system serving at least 80% of the home's conditioned floor area and used as the primary heat source of the residence. • Customers applying for electric cooling incentives must have a permanently installed ducted central air conditioner or heat pump that cools at least 80% of the home's conditioned floor area. • For participating WAP contractors, the customer incentive will be paid directly to the WAP contractor. 				
Duct sealing electric heating ($R_{initial} > R-2$)	\$300	\$100	Yes	Post purchase application
Duct sealing and duct insulation Electric cooling	\$100	\$20	Yes	Post purchase application
Duct sealing and duct insulation Electric heating	\$600	\$200	Yes	Post purchase application
Manufactured Homes Duct Sealing, Electric heat	NA	Up to \$750	Yes	Direct install
Manufactured Homes Duct Sealing, Electric cooled	NA	Up to \$200	Yes	Direct install
<i>For Duct Sealing & Duct Insulation Measures:</i>				
<ul style="list-style-type: none"> • Incentive may not exceed total project cost. • Customers with both electric heat and electric cooling are only eligible for the electric heat incentive. • Work must be completed by a qualified or participating HVAC trade ally per program requirements. • Customers applying for electric heat incentives must have a permanently installed electric furnace, heat pump or zonal electric heat system serving at least 80% of the home's conditioned floor area and used as the primary heat source of the residence. • Customers applying for electric cooling incentives must have a permanently installed ducted central air conditioner or heat pump that cools at least 80% of the home's conditioned floor area. • For participating WAP contractors, the customer incentive and mid-market incentive will be paid directly to the WAP contractor. 				
New Manufactured Homes, ENERGY STAR, Electric heat	NA	\$1,000	Yes	Manufacturer rebate
New Manufactured Homes, ENERGY STAR, Electric cooled	NA	\$500	Yes	Manufacturer rebate
<i>For New Manufactured Homes Measures:</i>				
<ul style="list-style-type: none"> • Customers with both electric heat and electric cooling are only eligible for the electric heat incentive.
