1st Revised sheet No. 15
Cancels Original Sheet No. 15
Date Issued: July 8, 2014
Effective: January 1, 2015

STATE OF UTAH

SCHEDULE ILR – IDLE LINE RETENTION

AVAILABILITY: Available to all members of BVEA

APPLICATION: To any member/owner that has fulfilled the terms of the contract for service and who has no immediate need for electrical service but desires to have the electric line left in place for future use. The meter, meter loop, security light and transformer may be removed at the option of the Corporation. Poles and line will be left intact.

MONTHLY BILLING:

Small General Service	Normal monthly customer charge
Irrigation	Normal monthly customer charge
Large Commercial	Normal monthly customer charge
Large Power-Under 350 KVA	Normal monthly customer charge
Large Power-Over 350 KVA	Normal monthly customer charge
Heating Incentive	Normal monthly customer charge

RECONNECTION OF SERVICE: The customer may request to have an idle service restored by notifying the corporation and paying the established connect fee, plus any applicable deposits. With the exception of the Residential/Seasonal rate class, a load evaluation will be required prior to restoration and additional charges may apply if system improvements are necessary. The Idle Line Retention charge does not ensure that system capacity will be available at the time the customer desires to restore an idle service.

RETIREMENT SERVICE FOR NON-PAYMENT: If the idle line fee is not paid the corporation may remove any and all facilities. If service is requested at a later date the application will be treated as a request for new service and the appropriate line extension policy will apply.
