RE: In the Matter of the Application of Rocky Mountain Power for Approval of its Subscriber Solar Program (Schedule 73), Docket No. 15-035-61

Rocky Mountain Power (the “Company” or “Rocky Mountain Power”) hereby requests the Public Service Commission of Utah (“Commission”) for an extension of the deadline to file comments in this proceeding.

The Company met with intervenors in the case on July 31, 2015 for settlement discussions. Intervenors in attendance included the Division of Public Utilities, the Office of Consumer Services, Salt Lake City Corporation and Utah Clean Energy. Based on the progress made at the settlement discussions, the Company and said intervenors agreed that additional time was needed to work through settlement prior to filing comments in order to narrow the issues on which to file comments. Due to the approaching filing date of comments in the case, the Company respectfully requests that the Commission consider this request on an expedited basis. Rocky Mountain Power is authorized to represent that the intervenors support extending the deadline for comments from August 5, 2015 to August 12, 2015. All other dates are to remain the same. An original and ten copies will be delivered via hand delivery. Electronic versions of this letter will be sent to [psc@utah.gov](mailto:psc@utah.gov).

Rocky Mountain Power respectfully requests that all formal correspondence and requests for additional information regarding this filing be addressed to the following:
