Re: Docket No. 15-035-64 - RMP - Updated Appendix A to Net Metering Report.

RECOMMENDATION (ACKNOWLEDGE)

The Division of Public Utilities (Division) has reviewed Rocky Mountain Power's (RMP or Company) updated Appendix A to the Rocky Mountain Power Customer Owned Generation and Net Metering Report for the period April 1, 2014 through March 31, 2015, and finds that it is the same updated Appendix A that was provided to the Office of Consumer Services (Office) in a data request. The Division finds no outstanding issues at this time and recommends that the Commission acknowledge Appendix A as filed.

ISSUE

In the Commission's Order in Docket No. 15-035-64 dated September 24, 2015 the Company was ordered to file an updated 2015 Report Appendix A by October 16, 2015. On January 25, 2016 the Company filed with the Commission the updated Appendix A that was provided to the Office during their investigation in this docket. On January 26, 2016, the Commission issued an

Action Request to the Division requesting a review for compliance of the filing and to make recommendations. The Commission asked the Division to report back by February 25, 2016.

CONCLUSION

The Division believes the Company's filing of an updated Appendix A meets the Commission's directive in the Order for Docket No. 15-035-64 and therefore, recommends that the Commission acknowledge the Company's Appendix A for the 2015 Net Metering Report.
