Re: Advice Letter No. 15-04 in Docket No. 15-035-T03, In the Matter of Rocky Mountain Power's Proposed Revisions to Electric Service Schedule No. 105, Irrigation Load Control Program

Dear Mr. Comeau,

On April 22, 2015, the Commission issued a letter approving the proposed tariff sheet revisions transmitted with your Advice Letter No. 15-04, dated March 23, 2015, in Docket No. 15-035-T03 entitled above. The Commission has discovered that it failed to recognize a non-substantive typographical correction to the internet address for the Irrigation Load Control web page that was pointed out by the Division of Public Utilities in its action request response of April 6, 2015. The correct website address should read as follows, indicating the deleted text in strike-through and the additional text by underline: [www.rockymountainpower.net/~~UHL~~cuilc](http://www.rockymountainpower.net/UHL<u>cuilc</u>).

Due to the non-substantive nature of the revision, the Commission directs the Company to make the revision described above to Tariff Sheet No. 105.2 and waives the typical notice and filing requirements provided under Utah Code Ann. § 54-3-3 and Utah Admin. Code R746-405-2.D.

Sincerely,

/s/ Gary L. Widerburg
