Re: Advice No. 15-11
Housekeeping Filing

Enclosed for filing are an original and five copies of the following proposed tariff pages associated with Tariff P.S.C.U. No. 50 of Rocky Mountain Power applicable to electric service in the State of Utah. Pursuant to the requirement of Rule R746-405D, Rocky Mountain Power (the "Company") states that the proposed tariff sheets do not constitute a violation of state law or Commission rule. The Company is requesting an effective date of August 13, 2015 for these changes.

Second Revision of Sheet No. B.1	Tariff Index
First Revision of Sheet No. 140.25 Schedule 140	Non-Residential Energy Efficiency

The purpose of this filing is to make housekeeping changes on the above-referenced schedules. The proposed changes provide corrections in the current tariff and do not result in any changes in rates or provisions of service. Specifically, the following changes are proposed:

- Correction to the Tariff Index to consolidate into one sheet changes made in the following advice filings:
 - a) Advice No. 15-06 added Schedule 80
 - b) Advice No. 15-08 changed the sheet numbers for Schedule 110
 - c) Advice No. 15-09 changed the sheet numbers for Schedule 140
- A correction to the page number on Schedule 140. Advice No. 15-09 canceled sheets 140.25 and 140.26. Sheet No. 140.27 is the last page of the schedule and is renamed to 140.25.
