|---------|--------------------------------|--|--------------------------------|
| LED | Screw-in A-Lamp, Medium Base | LED must be listed on qualified equipment list | Up to \$7/Lamp |
| | Screw-in PAR Reflector Lamp | LED must be listed on qualified equipment list | Up to \$15/Lamp |
| | Screw-in BR Reflector Lamp | LED must be listed on qualified equipment list | Up to \$13/Lamp |
| | Pin-based MR16 Reflector Lamp | LED must be listed on qualified equipment list | Up to \$10/Lamp |
| | Screw-in Candelabra/Globe Lamp | LED must be listed on qualified equipment list | Up to \$10/Lamp |
| | Recessed Downlight Kit | LED must be listed on qualified equipment list | Up to \$15/Fixture |

Notes for mid-market incentives:

1. Incentives are capped at 70 percent of qualifying equipment cost. Qualifying equipment costs are subject to Company approval.
2. Qualified equipment lists referenced in the above table are posted on the Utah energy efficiency program section of the Company’s website.

¹ Incentives for measures in this table are available through Company-approved retailers/distributors or a customer application process.

² Actual incentives will be posted on the Company website and subject to change with 45 days’ notice. Change notices will be prominently displayed on program website and communicated to participating distributors and Trade Allies.
