RE: Advice No. 15-16
Proposed Changes to Schedule 117, Residential Refrigerator Recycling Program –
Docket No. 15-035-__

Enclosed for filing are an original and five (5) copies of proposed tariff sheets associated with Tariff P.S.C.U No. 50 of PacifiCorp, d.b.a. Rocky Mountain Power (the “Company”), applicable to electric service in the State of Utah. Pursuant to the requirement of Rule R746-405-2(D), the Company states that the proposed tariff sheets do not constitute a violation of state law or Commission rule. The Company will also provide an electronic version of this filing to psc@utah.gov. The Company respectfully requests an effective date of January 4, 2016 for these changes.

First Revision of Sheet No. 117.1 Schedule 117 Residential Refrigerator Recycling

First Revision of Sheet No. 117.2 Schedule 117 Residential Refrigerator Recycling

The purpose of this filing is to propose changes to the Residential Refrigeratory Recycling Program (“Program”) administered through Electric Service Schedule No. 117. Due to circumstances outside of the Company’s control with the Program vendor, Jaco Environmental (“Jaco”), the Program is currently unavailable to customers. Proposed changes to the tariff sheets are included in Exhibit A.

Proposed Program Changes

Jaco announced to the Company on November 23, 2015 that it was going out of business and would no longer be able to perform its contractual duties for the Program. Accordingly, the Company proposes to suspend the Program while the Company evaluates options to make the Program available again to customers. The Company will request to lift the suspension or cancel the Program once possible options are known and evaluated.

Conclusion

The current situation with the Program and proposed changes in this filing were previewed with the DSM Advisory Group on December 1, 2015. DSM Steering Committee members present at the meeting were supportive of the suspension and understand why it is necessary.

The Program is funded through the Schedule 193 – DSM Cost Adjustment. Any proposed adjustment to Schedule 193 will be informed by the next tariff rider analysis, which will examine the combined effect of the current balance, forecasted revenues and forecasted expenditures for all programs. The Company is not recommending an adjustment to Schedule 193 as part of this filing.

It is respectfully requested that all formal correspondence and staff requests regarding this matter be addressed to:

By E-mail (preferred): datarequest@pacificorp.com
 michael.snow@pacificorp.com

By regular mail: Data Request Response Center
