Re: Docket No. 16-022-T01 – *In the Matter of Bridger Valley Electric Association's Proposed Tariff Revisions*

Dear Mr. Redden:

The Commission reviewed the June 2, 2016 filing by Bridger Valley Electric Association (Bridger Valley), which was amended by electronic-mail on June 8, 2016. Bridger Valley's amended filing consists of updated tariff sheets for Small General Service Single-Phase (SGS), Large General Service Single-Phase (LGS), Large Power – 350 kVA or Less (LP), Large Power – 350 kVA to 2000 kVA (LPS), Lighting Service (SL), Irrigation Pumping (L), Large Power Over 2000 kVA (LP 2000), and Small General Service Heating Incentive Rate (SGS H), all with an effective date of July 1, 2016 (collectively, updated rates). The Commission also reviewed the action request responses of the Division of Public Utilities (Division) filed on June 7 and 10, 2016.

The Division explains that Bridger Valley's rate increase is the result of an 8% rate increase from its electric wholesaler effective July 1, 2016. According to the Division, the rates were approved by Bridger Valley on November 10, 2015 with an effective date of July 1, 2016. The Division states that Bridger Valley provided written notice of the proposed rate increases to its customers beginning January 20, 2016. Further, the Division states that Bridger Valley has complied with the statutory and administrative rules requiring adequate notice to customers and the Commission before a rate change can take effect.

Based on the Commission's review of the filing and the comments received, the Commission acknowledges Bridger Valley's updated rates, effective July 1, 2016, as set forth in
