Re: Docket No. 16-030-T01, In the Matter of the Revisions to Moon Lake Electric Association, Inc.'s Retail Electric Rates

Dear Mr. Haslem,

The Commission reviewed Moon Lake Electric Association, Inc.'s (MLEA) February 17, 2016 filing notifying the Commission of MLEA's intent to raise rates on bills issued after May, 1, 2016. The Commission also reviewed the Division of Public Utilities' (Division) action request response filed on February 25, 2016.

The Division provides a brief history of MLEA's rates and the reason for the rate increase. The Division also describes MLEA's schedule for notification of and public hearing on the rate increase, and indicates the proposed effective date of the rate increase is May 1, 2016. The Division recommends that the Commission accept MLEA's notification of its proposed rate changes and that MLEA notify the Commission after its public meetings are conducted but prior to the requested effective date of the new rates. In addition, the Division anticipates MLEA will file finalized tariff sheets subsequent to the final decision by MLEA's board.

Based on the Commission's review of the filing and the comments received, the Commission accepts MLEA's filing. The Commission requests that MLEA file its final updated tariff sheets by April 1, 2016, or as soon as possible after MLEA's board approves the rate increase, in order for the Division to complete its review of them prior to the effective date of the new rates.

Sincerely,

/s/ Gary L. Widerburg
Commission Secretary
