Re: Rocky Mountain Power Reporting for the Low Income Lifeline Program for 2016
Docket No. 16-035-18

ISSUE

On June 30, 2017, the Division of Public Utilities (Division) filed its response to the Commission Action Request regarding Rocky Mountain Power's (RMP) report of the Low Income Lifeline Program for 2016. Page 8 inadvertently noted the interest rate of 5.20 percent for the 2016 period. The correct interest rate for the 2016 period was 4.45 percent as reported in the 1st Quarter 2017 Low Income Lifeline Report. Accordingly, attached hereto is a Replacement Page 8 with the correct interest rate for 2016. No other changes have been made to the Report.
