Re: **Docket No. 16-035-27** - Rocky Mountain Power's *Third Courtesy Notice of Resource Procurement*, In the Matter of the Application of Rocky Mountain Power for Approval of a Renewable Energy Services Contract between Rocky Mountain Power and Facebook, Inc. Pursuant to Tariff Electric Service Schedule 34.

Recommendation (No Action Required)

The Division of Public Utilities (Division) recommends that the Public Service Commission of Utah (Commission) take no action related to Rocky Mountain Power's *Third Courtesy Notice of Resource Procurement* (Notice).

Issue

On June 30, 2021, Rocky Mountain Power (Company) filed a Third Courtesy Notice with the Commission indicating that it had acquired a resource on behalf of Facebook pursuant to the contract filed in this docket. On June 30, 2021, the Commission issued an Action Request to the Division requesting that the Division review this notice and make recommendations with a

response date of July 30, 2021. This memorandum constitutes the Division's response to this Action Request.

Discussion

In previous proceedings before the Commission in this docket, the Company had agreed to file certain information with the Commission pursuant to an agreement with the Office of Consumer Services, which became part of the Commission's Order approving the Facebook contract. While the resource acquisition cited in the Notice does not require a Commission filing under the Commission's Order, the Company filed the Notice of the acquisition with the Commission as a courtesy.

Conclusion

The Division has reviewed the filing and concluded that it was simply a courtesy filing. Therefore, no further action is required by the Commission regarding this filing.
