Re: *Rocky Mountain Power's Proposed Revisions to Electric Service Schedule No. 8, Large General Service – 1,000 kW and Over – Distribution Voltage; Advice No. 16-07, Docket No. 16-035-T08*

Dear Mr. Lively:

The Commission reviewed the June 17, 2016 filing by PacifiCorp, doing business as Rocky Mountain Power (PacifiCorp), proposing changes to Electric Service Schedule No. 8, Large General Service – 1,000 kW and Over – Distribution Voltage. The Commission also reviewed the June 28, 2016 action request response the Division of Public Utilities (Division) filed. The Division concludes PacifiCorp's changes to Schedule 8 are consistent with the 2012 Settlement Stipulation the Commission approved in Docket No. 11-035-200 but proposes adding the following clarification "...18 consecutive months whereupon the company's billing system will automatically transfer the customer to schedule 6 or another appropriate schedule."

In response to the Division's comments, PacifiCorp filed an updated Sheet No. 8.1 on July 12, 2016. While stating it does not object to the intent of the Division's clarification, PacifiCorp suggests removing the reference to its billing system. PacifiCorp proposes amending the Division's recommended clarification as follows: "...18 consecutive months whereupon the Customer will be transferred to Schedule 6 or another appropriate schedule." PacifiCorp states this change provides clarification and does not result in any changes in rates or provisions of service. PacifiCorp represents it has communicated with the Division and that the Division has no objection to this language.

Based on the Commission's review of PacifiCorp's filings and the Division's recommendation, the Second Revision of Sheet No. 8.1 filed on July 12, 2016 is approved, effective July 31, 2016.

Sincerely,

/s/ Gary L. Widerburg
