**RE: Revised Tariff Sheets**

In the Matter of Rocky Mountain Power's Proposed Revisions to Electric Service Schedule No. 114, Air Conditioner Direct Load Control Program (A/C-DLC) -- (Cool Keeper Program) -- Docket No. 16-035-T10

On July 26, 2016, Rocky Mountain Power (the "Company") filed for approval of revisions to Schedule 114 – Cool Keeper Program. One of the proposed revisions to Sheet 114.1 included adding Schedule 31 as an applicable rate schedule for participation in the Cool Keeper Program.

On November 3, 2016, the Company filed revised Schedule 114 tariff sheets reflecting an updated effective date of December 1, 2016. The Company inadvertently omitted the proposed change for adding Schedule 31 as an applicable rate schedule with the November 3<sup>rd</sup> filing on Sheet 114.1. Accordingly, attached hereto is an updated Schedule 114.1 fixing this inadvertent omission.

Sincerely,

Michael S. Snow
