

- 54) Standby Fee - The fee required to be paid for a standby connection within the District.
- 55) Subdivision - An area identified by filed subdivision plats in which a group of dwellings may be constructed at about the same time.
- 56) Tampering/Unauthorized Reconnection Charge - means a fee imposed by the District when a Connection, which has previously been disconnected or abandoned has been reconnected or used without prior written notification and permission to and by the District. This charge may also be applied in circumstances where the District's equipment has been tampered with or damaged as a result of tampering. This charge is listed on Schedule RC.
- 57) Tap - An available connection to electrical, water, or wastewater service that is present on a particular property. In the case of electrical service, a Tap consists of a connection from District power distribution lines to a particular property and terminating on that property. In the case of water service, a Tap consists of a lateral pipe leading from a District water main to the particular property, and terminating on the property. In the case of wastewater service, a Tap exists when a sewer lateral line is installed to connect the property to the sewer main line
- 58) Tariff - Together, these Electric Service Regulations, the various Electric Rate Schedules, and Regulation Charges published by the District.
- 59) Temporary Service - Service requested for a limited or uncertain period of time at the end of which the Facilities will no longer be needed and will likely be removed. These Facilities include, but are not limited to, service for construction power, seasonal sales lots, carnivals, rock crushers, or paving plants.
- 60) Tenant - A person or persons who rent or lease property from the Property Owner.
- 61) Termination of Service - The disconnection of Electric Service to a Customer at a particular location.
- 62) Transfer of Service - transferring service from one customer to another customer on an existing active connection.
- 63) Turn On/Off Fee - *See Reconnection/Disconnection Charges.*
- 64) Unified Billing - The inclusion of billed amounts for all utility services on a single bill from the District.
- 65) Utility Service - Electric, Water, Wastewater, or Solid Waste service, together or individually.
- 66) Vacant Property - A property where a tap(s) may or may not exist and is not a Developed Property.
- 67) Water Service - Culinary water service provided by the District.
- 68) Wastewater Service - Sewer service provided by the District.

Section 02.02 Rules of Construction and Severability

Rules of Construction - The singular number includes the plural where the context and application of the rules and regulations contained herein reasonably suggest. Words in the present tense include the

Ticaboo Utility Improvement District
Ticaboo, UT

Original Sheet No. ER-02-6

P.S.C. Utah No. 1

future. Words used in the masculine gender comprehend, as well, the feminine, and neuter. The word "person" includes bodies politic and any individual, partnership, association, corporation or group of individuals, however styled or designated.

Conflicts and Invalidity Clause - If any provision, paragraph, word, section, or chapter hereof is invalidated by any court of competent jurisdiction or by an state or federal statute, the remaining provisions, paragraphs, words, sections, and chapters hereof shall not be affected and shall continue in full force and effect.

QUESTION: What is included in a connection fee?

FEE: Connection - Electric - Residential - Meter to Main

DISTRICT'S ESTIMATE:

1/26/2016
EXTENDED

ITEM #	ITEM DESCRIPTION	QUANTITY	UNITS	UNIT PRICE	TOTAL
1	ADMINISTRATION
