Docket No. 18-035-10

The Division appreciates the time and cooperation of Company personnel in allowing the Division to conduct a review and audit of Rocky Mountain Power's Blue Sky Program. A summary of the audit findings for the 2017 year is attached.

During the Division's review we found the Company to be in general compliance with the rules and regulations set forth by the Public Service Commission. It appears the program follows good business practices and is using accounting and controls that are adequate and practical.
