Dear Ms. Saba:

Ms. Jana Saba Rocky Mountain Power 1407 W North Temple, Suite 330 Salt Lake City, UT 84116 Data Request Response Center PacifiCorp 825 NE Multnomah St., Suite 2000 Portland, OR 97232

Re: Investigation Re: Expiring Excess Generation Credits under Schedule 135; Docket No. 18-035-39 and Rocky Mountain Power's Customer Owned Generation and Net Metering Report and Attachment A for the Period April 1, 2018 through March 31, 2019; Docket No. 19-035-29

On August 23, 2019, the Public Service Commission (PSC) issued an Order ("August Order") approving Rocky Mountain Power's (RMP) proposed \$0.54 increase to the Home Electric Lifeline Program (HELP) maximum monthly credit, and directed RMP to make a compliance filing.

On August 28, 2019, pursuant to the August Order, RMP filed the Fourth Revision of Sheet No. 3.2 of its Electric Service Schedule No. 3 - Low Income Lifeline Program - Residential Service Optional for Qualifying Customers ("Schedule No. 3"), reflecting the \$0.54 increase to the HELP maximum monthly credit, from \$12.60 to \$13.14. Additionally, RMP deleted the Excess Customer Generation Credit section that was added per the PSC's January 11, 2019 Order in Docket No. 18-035-39. RMP requested an effective date of October 1, 2019 for the proposed changes.

The PSC also reviewed the Action Request Response of the Division of Public Utilities (DPU) filed on September 12, 2019, recommending the PSC approve RMP's proposed revisions to Schedule No. 3, effective October 1, 2019. According to the DPU, RMP's filing complies with the PSC's August Order and Rule R746-405-2(D).

Based on the PSC's review of the filing and the recommendation of the DPU, the PSC approves RMP's Fourth Revision of Sheet No. 3.2, effective October 1, 2019.

Sincerely,

/s/ Gary L. Widerburg PSC Secretary DW#309995
