RE: **Request for Extension of Advice Filing - Schedule 37
Avoided Cost Purchases from Qualifying Facilities (QF)**

In its February 12, 2009 Order in Docket No. 08-035-78 on Net Metering Service, the Public Service Commission of Utah (the "Commission") directed Rocky Mountain Power (the "Company") to calculate and file Schedule 37 avoided costs annually in order to establish the value or credit for net excess generation of large commercial customers under Schedule 135 Net Metering Service. In its November 28, 2012 Order in Docket No. 12-035-T10, the Commission directed that future annual filings should be made within 30 days of filing the Company's Integrated Resource Plan ("IRP") or IRP Update, or by April 30 of each year, whichever occurs first.

In a March 26, 2018 letter, the Company informed the Commission of its intent to file its 2017 IRP Update no later than May 1, 2018, which was acknowledged by the Commission in a letter to the Company dated March 28, 2018. In addition, Schedule 37 avoided costs were recently updated effective March 15, 2018, in Docket No. 17-035-T07. In light of the foregoing, the Company hereby seeks an extension of the Company's Schedule 37 annual filing to align with the timing of the 2017 IRP Update. The Company respectfully requests the Schedule 37 annual filing be due 30 days after the 2017 IRP Update is filed.
