Dear Mr. Shortreed,

The Kane County Board of Commissioners is in full support of the proposed expansion of the Ticaboo Utility Improvement District (TUID) service area to include the Bullfrog Marina. The unincorporated community of Bullfrog is in one of the most remote locations in northeast Kane County, yet is one of the most frequently visited marinas within the Glen Canyon National Recreation Area. Visitor numbers have increased every year (per National Park Service statistics) which indicates the need for the best infrastructure that can be provided. Expanding TUID's service area would be a positive step toward accomplishing that goal.

Good luck with your application with the Utah Public Service Commission; Kane County strongly believes the lower power rates would directly benefit the customers in that area.

Best Regards,
