RE: Docket No. 19-035-25
Solar Photovoltaic Incentive Program (Schedule 107) 2019 Annual Report
Reply Comments

On June 3, 2019, the Public Service Commission of Utah (“Commission”) issued a Notice of Filing and Comment Period (“Notice”) requesting comments on Rocky Mountain Power’s (“Company”) May 31, 2019, annual report of the updated results from the Solar Photovoltaic Incentive Program offered through Electric Service Schedule No. 107 (“Report”). On July 2, 2019, the Division of Public Utilities (“Division”) and the Office of Consumer Services (“Office”) each filed comments. Both the Division and the Office recommend that the Commission acknowledge the Report as meeting the reporting requirements with no further recommendations or revisions. Below, the Company submits reply comments to respond to one element of the Division’s comments.

Response to the Division’s Comments

The Division recommends that the Commission acknowledge the Company’s Report, concluding that it meets the Commission’s reporting requirements. The Division notes that Table 2, contained in the latest Annual Sustainable Transportation and Energy Plan (“STEP”) Report in Docket No. 19-035-17 (“STEP Report Docket”), should be updated to reconcile with Table 4 of the USIP Report, which contains the correct current amounts. Notably, the Company plans to file a corrected Table 2 in the STEP Report Docket as part of its reply comments on July 22, 2019 as suggested by the Division.

The Company appreciates the efforts of the Division and Office in their review of the Company’s annual Solar Photovoltaic Incentive Program (Schedule 107) reports.

Sincerely,

Joelle Steward
Vice President, Regulation
