Re: **Reply Comments**
In the Matter of Rocky Mountain Power's Proposed Changes to Schedule 73,
Subscriber Solar Program Rider Optional
Docket No. 19-035-T08

On May 10, 2019, the Public Service Commission of Utah (“Commission”) issued a Notice of Filing and Comment period in the above referenced matter, allowing parties to file comments and reply comments by May 23 and 30, 2019, respectively. The Office of Consumer Services (“OCS”) filed comments May 21, 2019, and the Division of Public Utilities (“DPU”) and Utah Associated of Energy Users (“UAE”) filed comments May 23, 2019. Rocky Mountain Power (the “Company”) provides these reply comments in response to comments filed by the aforementioned parties.

The DPU, OCS, and UAE all had various concerns about the Company’s filing and did not support the proposed changes with the evidence provided on record. The Company would like to address parties’ concerns, however is unable to do so in time for these reply comments. Therefore, the Company supports a suspension order at this time and proposes to work with parties off the record to schedule an informal workshop. Once workshop(s) have taken place, the Company intends to file supplemental information and request a scheduling conference to allow for another round of comments.

The Company was able to discuss this course of action for the docket with the OCS and DPU, both of which are supportive. The Company appreciates the time and effort parties have spent evaluating the proposed changes and looks forward to addressing concerns through informal workshops.

Sincerely,

A handwritten signature in blue ink that reads "Michael S. Snow".
