Re: *Dixie Power's Proposed Tariff Revisions*; Docket No. 21-066-T01

Dear Mr. Laub:

The Public Service Commission (PSC) reviewed the January 12, 2021 filing by Dixie Escalante Rural Electric Association, doing business as Dixie Power ("Dixie"), related to a \$0.0005 per kWh increase in its energy rates, effective February 1, 2021, pursuant to its wholesale power cost adjustment procedure. The PSC also reviewed the January 19, 2021 action request response of the Division of Public Utilities (DPU). DPU recommends that the PSC acknowledge Dixie's revised tariff sheets containing these changes, and make them available for public inspection.

Based on the PSC's review of Dixie's filing and DPU's comments, the PSC acknowledges the filing as complying with Utah Code Ann. § 54-7-12(7). Accordingly, the tariff changes are available for public inspection at the PSC.

With respect to Dixie's filing of revised tariff sheets, [Utah Admin. Code R746-405-2\(D\)\(6\)](#) requires both clean and marked-up versions of the tariff sheets to be filed identifying the tariff sheet changes. The PSC requests that Dixie meet this requirement in future filings.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
