The Utah Farm Bureau Federation (“Farm Bureau”) respectfully petitions the Commission for leave to intervene in the above-captioned matter, such intervention to be as the Farm Bureau’s interests may appear. In support of its Petition, this Petitioner states:

1. The Farm Bureau is a Utah non-profit corporation, organized, *inter alia*, to advance and improve the economic, educational, political and social interests of agriculture and the general welfare of this state and nation. Members of the Farm Bureau include irrigation farmers who use electric power furnished by PacificCorp in their irrigation pumping operations and for residential and other farming uses.

2. The interests of said irrigation pumpers are, or may be, substantially affected by this proceeding.

3. The interests of justice will be furthered, and the orderly and proper conduct of this proceeding will not be materially impaired, by allowing this intervention.

4. Petitioner has not fully determined the specific positions that it will advocate if intervention is allowed.

The focus of its concerns will be protecting the interests of rural agricultural customers of PacificCorp within the State of Utah.
