HAND DELIVERED

Public Service Commission of Utah
400 Heber M. Wells Building
160 East 300 South
Salt Lake City, Utah 84111

Re: Docket No. 05-057-01. June 29, 2005 Scheduled
Technical Conference for Questar Gas.

Dear Commissioners:

After informal discussions, legal counsel for Questar Gas Company, the Division of Public Utilities, and the Utah Committee of Consumer Services have concluded, with approval of their clients, that matters are not yet at a point where any purpose would be served by proceeding with the above-referenced technical conference.

Accordingly, the parties respectfully request that the technical conference scheduled for June 29, 2005 be cancelled.

The parties will consult with the Commission at the appropriate time to set a new date for a technical conference in this matter.

Respectfully,

REED T. WARNICK
Assistant Attorney General
Counsel for the Utah Committee of
Consumer Services
