10 October 2008

Docket 08-057-11 – FORMAL COMPLAINTS AGAINST QUESTAR GAS COMPANY
RELATING TO BACK-BILLING

On Thursday, 9 October, the Association timely filed its Reply Comments in this proceeding.

We subsequently realised that an out-dated Service Certificate list had been attached.

Here are an original and five copies of an Amended Service Certificate, showing the names and email addresses of those on whom the Reply Comments were actually served, or indicating those who are being served by USPS.

An electronic copy is being emailed to Ms Livingstone and those on the Amended Service Certificate for whom we have email addresses, and a hard copy has been substituted for the original service certificate on the copies of the Reply Comments being mailed to those for whom we do not.

On behalf of the Association, I apologise for the error and for any inconvenience which it has caused or may cause.

ROGER J BALL
Moderator, Utah Ratepayers Association
