2	<u>PROCEEDINGS</u>
3	THE COURT: We're here in Docket
4	No. 10-057-05, Questar Gas Company Application to
5	Change Its Existing Tariff.
6	And let's begin with appearances, beginning
7	with the Company, please.
8	MS. NELSON: Jenniffer Nelson here on behalf
9	of the Company, and with me I have John Kennedy.
10	THE COURT: Thank you.
11	And with the Division, please.
12	MS. SCHMID: Patricia E. Schmid with the
13	Attorney General's Office representing the Division,
14	and with me is Marlin H. Barrow.
15	THE COURT: Thank you. All right then, how
16	would you like to proceed? Does the Company want to
17	put on testimony or is the Division gonna make a
18	recommendation; how do you want to do that?
19	MS. NELSON: We're happy to proceed any way
20	you feel is appropriate. But Mr. Kennedy is prepared
21	to summarize briefly the Company's filing and what it
22	seeks.
23	THE COURT: All right then.
24	Mr. Kennedy, if you could raise your right
25	hand for me?
	I

(Mr. Kennedy was sworn.)
THE COURT: Thank you. Go ahead.
<u>JOHN KENNEDY</u> ,
called as a witness, having been duly sworn,
was examined and testified as follows:
DIRECT EXAMINATION
BY MS. NELSON:
Q. Would you please state your name, employer,
and position for the record?
A. My name is John Kennedy. My employer is
Questar Gas Company. I'm a regulatory affairs
anal yst.
Q. And did you participate in the preparation of
the application in this docket?
A. Yes, I did.
Q. Would you please summarize, for the record,
the contents of the application and what the Company
is seeking?
A. Yes, I will. Questar Gas Company, the
Applicant in this Docket No. 10-057-05, respectfully
requests the Utah Public Service Commission to approve
changes in its existing Tariff No. 400 by removing the
credit amortization from the commodity portion of the
firm sales customer rate schedules.
Since the 191 account is no longer

1	over-collected, this credit amortization is no longer
2	warranted. The Company proposes to remove the .24106
3	credit amortization from the commodity portion of
4	tariff rates for all firm sales rate classes.
5	This amortization was approved by the
6	Commission in Docket No. 09-057-12 in September 2009
7	using the 191 commodity account balance of
8	\$24,879,550. As of February 2010 that balance has
9	been reduced to zero.
10	The removal of the credit amortization will
11	result in an annual increase of approximately
12	\$24.9 million because the over-collection of
13	\$24.9 million has been returned to customers.
14	The effect of the proposed change to the
15	typical GS customer using 80 decatherms per year
16	results in an annual increase of \$19.28, or
17	2.93 percent for the typical GS customer. Thank you.
18	MS. NELSON: I have no further questions.
19	THE COURT: All right, thank you.
20	Ms. Schmid, any questions for Mr. Kennedy?
21	MS. SCHMID: No questions.
22	THE COURT: All right, thank you. And then
23	Mr. Barrow is going to testify?
24	MS. SCHMID: Yes, please.
25	THE COURT: Okay.

1	MS. SCHMID: Could he be sworn?
2	THE COURT: Yes.
3	(Mr. Barrow was sworn.)
4	THE COURT: Thank you. Go ahead.
5	MS. SCHMID: Thank you.
6	MARLIN H. BARROW,
7	called as a witness, having been duly sworn,
8	was examined and testified as follows:
9	DI RECT EXAMINATION
10	BY MS. SCHMID:
11	Q. Could you please state your full name and by
12	whom you are employed for the record?
13	A. Yes. It's Marlin H. Barrow. And I'm
14	employed by the Division of Public Utilities as a
15	techni cal consul tant.
16	Q. On behalf of the Division have you
17	participated in this docket?
18	A. Yes, I have.
19	Q. Did you prepare or cause to be prepared a
20	memorandum filed May 13, 2010, entitled: "Docket
21	10-057-05 Questar Gas Company Application to Change
22	Existing Tariff"?
23	A. Yes, I did.
24	MS. SCHMID: We'd request that the Commission
25	take notice of that as it was filed.

Q. (By Ms. Schmid) Do you have a summary of the Division's recommendation that you would like to give today?

Α. Just a brief summary. The Division reviewed the application as it was filed by Questar and agreed with the premise of the application. That it does make prudent sense to remove the amortization credit at this time so that that balance no longer accrues to the detriment of customers.

Removing the balance at this time or the credit amortization at this time is a prudent thing to do, and we fully support the Company's application at this time.

We would note that typically in the summer months, because summer usage is so much lower than winter months, the actual effect on a customer during the summer is only about 85 cents a month.

And we also noted in my memo that typically around the end of June or first part of July we anticipate that the company will again file another pass-through filing that will more coincide with the general rate increase that will occur August 1st, that may true up the rates going into the winter heating season.

THE COURT: Okay, thank you Mr. Barrow.

```
1
              Anything else, Ms. Schmid?
 2
              MS. SCHMI D:
                           Nothing else.
 3
                           Any questions for Mr. Barrow?
              THE COURT:
              MS. NELSON:
                            No.
 4
 5
              THE COURT:
                          All right.
                                       Then we'll take
     notice of the application filed by the Company, also
 6
 7
     the Division's recommendation.
 8
              And based on that application,
 9
     recommendation, and the testimony here today we'll go
10
     ahead and -- I'll go ahead and recommend the
11
     Commissioners approve the application. And make that
12
     change effective June 1, 2010.
13
              Anythi ng el se?
14
              MS. NELSON:
                            No, sir.
15
              THE COURT:
                           Ms. Schmid?
16
              MS. SCHMI D:
                            Nothing.
17
              THE COURT:
                           Okay. Then that's it.
                                                    Thank
18
     you.
