Dear Mr. Hwang:

Re: 4th Quarter 2014 Line Damage Reports; Docket 11-057-05

Pursuant to the Final Order Approving Amended Confidential Settlement Stipulation issued on October 25, 2011 in Docket No. 11-057-05, Questar Gas Company submits an original and five copies of its Quarterly Line Damage Report detailing the "First Party, Second Party, and Third Party damage" to its facilities.

These reports are filed as confidential information pursuant to Utah Admin. Code § 746-100-16 *et seq.* Questar Gas requests that this information be maintained as confidential and not be released to the general public because the attached reports contain sensitive and confidential information. The Company has marked the attached reports as "CONFIDENTIAL – SUBJECT TO UTAH PUBLIC SERVICE COMMISSION RULE 746-100-16" and submitted them on yellow paper pursuant to Utah Admin. Code § 746-100-16, *et seq.*

As part of the Division's review of recent reports, it was discovered that historical reports had inconsistencies from quarter to quarter. Therefore, in addition to the report for the quarter ended December 2014, the Company has also attached new quarterly reports for 2012 and 2013. These historical reports should replace the previously filed reports.

If you or your staff has additional questions concerning these reports, please call me.

Sincerely,

 Barrie L. McKay
 Vice President
 Regulatory Affairs/Energy Efficiency
