Account #: 0111100000
 Report Period: 08/16/2011 - 09/19/2011
 Report for Service Address:
 111 Gaslight Drive, Salt Lake City, UT

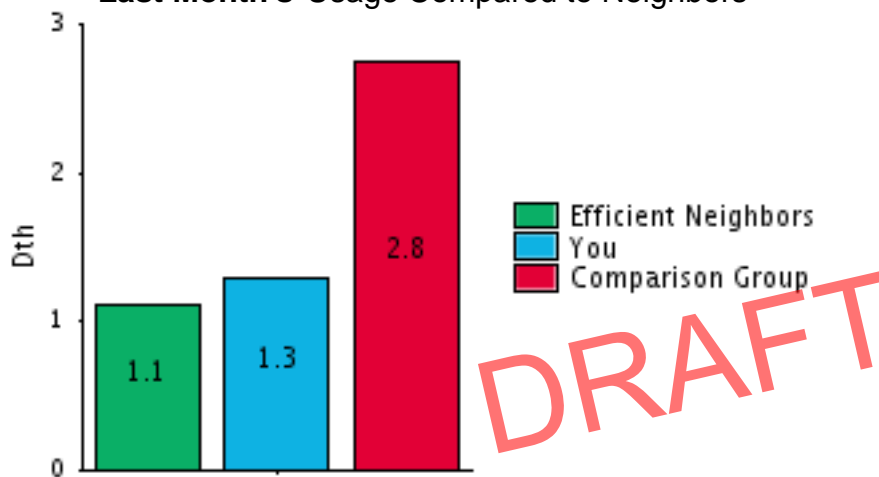

Customer, John Q

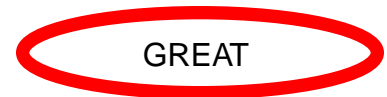

111 Gaslight Drive
 Salt Lake City, UT 84107-2767

The **ThermWise® Energy Comparison Report** provides Therm the opportunity to give you a personalized update of your natural gas usage.

Last Month's Usage Compared to Neighbors

HOW ARE YOU DOING?

GREAT

GOOD

WE CAN HELP YOU SAVE

You used **15% more** natural gas last month than your Efficient Neighbors.

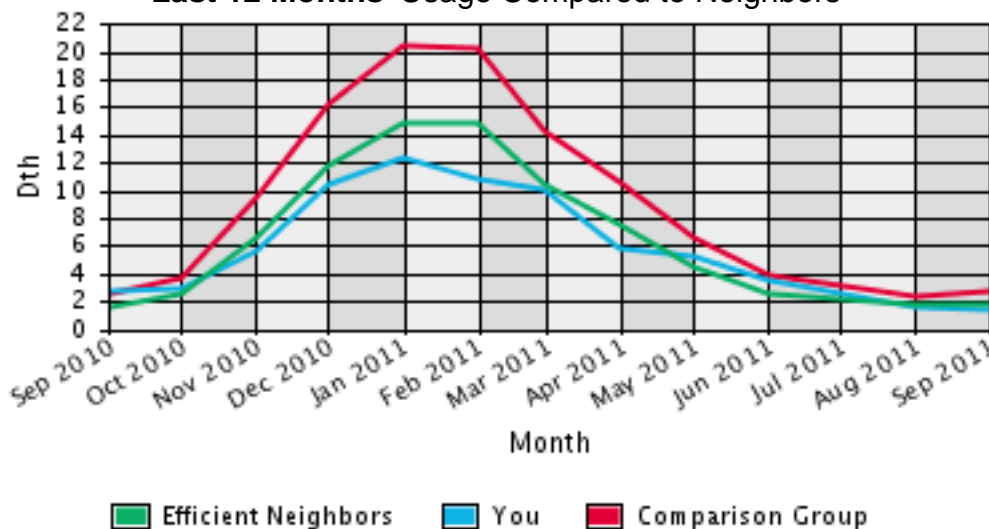

Efficient Neighbors: These are considered to be the 25% most efficient energy users in your "Comparison Group."

Comparison Group: This includes the 100 closest neighbors with similar square footage of 2107 sqft.

Decatherm (Dth): Standard unit of measuring energy.

Please note: the decatherms in this report may not match exactly those on your bill because they have been adjusted to match "normal" weather.

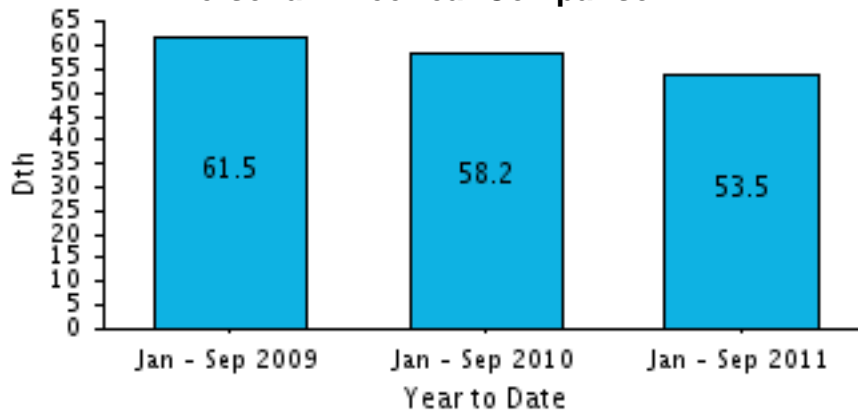

Last 12 Months' Usage Compared to Neighbors

You used **10% less** natural gas last year than your Efficient Neighbors, saving you an estimated **\$80.36**.

ThermWise® Energy Comparison Report

Personal Three Year Comparison

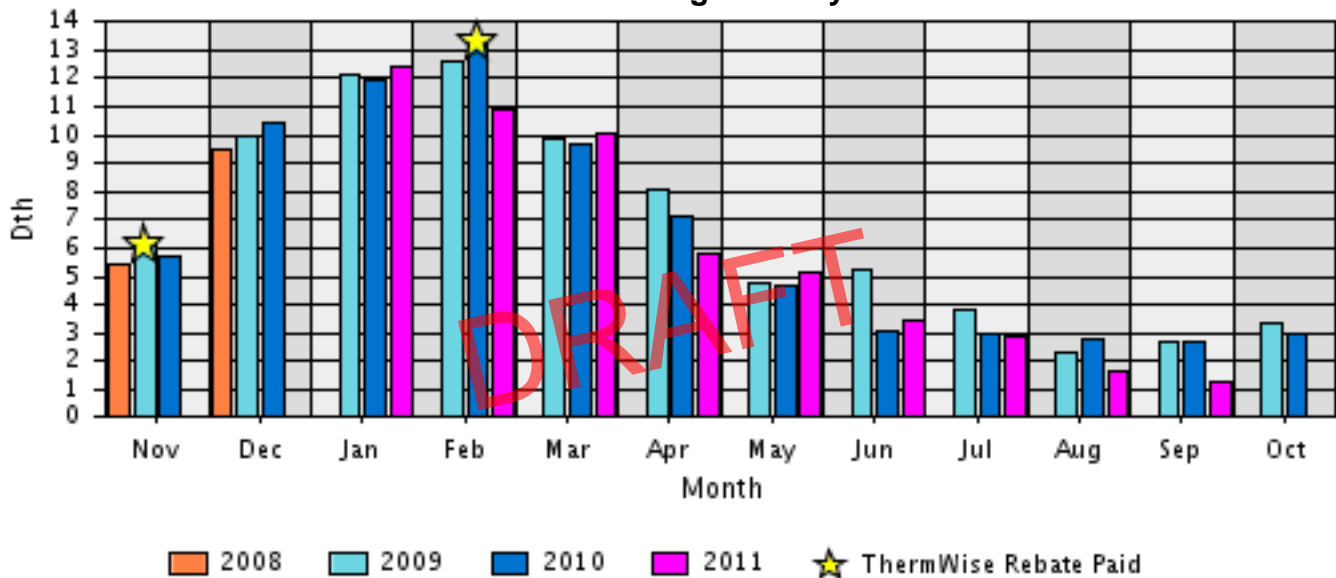

HOW ARE YOU DOING?

So far this year you have used **8% less** natural gas. You are on pace to save more energy and be ThermWise!

Behavioral Changes

Adjust the Thermostat
 You'd be surprised at how much energy and money you can save by adjusting your thermostat before going to sleep or when away from home. Turning the thermostat down 10 degrees in the winter and up 10 degrees in the summer reduces the load on your heating and cooling appliances. Tip: a programmable thermostat will do the work for you - allowing more time to do the things you enjoy.

Next Steps Small Investment

Get a Pro Energy Audit
 Pay \$25 and a professional home-energy auditor from Questar Gas will show you where you're saving money and losing it. By following the expert's rebate qualified recommendations, you could get the \$25 back as a credit on your gas bill and also qualify for even bigger rebates and savings by making your home more energy efficient. Schedule the home-energy audit now: 1-800-695-7375.

Significant Investment

Get a 'Green' Water Heater
 If your water heater is 10 years or older, you may want to start thinking about a replacement. There are more options than ever before and the energy-efficient ones may qualify for a ThermWise rebate:

- The right 40 or 50-gallon tank water heater may come with a \$50-\$100 rebate.
- Tankless, hybrid and condensing water heaters may come with a \$300-\$350 rebate.
