Re: Questar Gas Company Corrected Memorandum in Opposition to Motion for Stay
Docket No. 13-057-05

Dear Commissioners:

Questar Gas Company (“Questar Gas”) respectfully submits for filing a Corrected Memorandum in Opposition to Motion for Stay (“Corrected Memorandum”) due to clerical errors.

The substantive errors are on page 4, paragraph 9 of the initial filing, and Exhibit “A” at page 3, paragraph 8 which read:

“Questar Gas has not held additional meetings with UAE, US Mag, or Seminole because they have contacted Questar Gas regarding concerns over the Notice.”

The Corrected Memorandum has been corrected to read on page 4, paragraph 8 and Exhibit “A” at page 3, paragraph 7 as follows:

“Questar Gas has not held additional meetings with UAE, US Mag, or Seminole because they have **not** contacted Questar Gas regarding concerns over the Notice.”

In addition to the above, other non-substantive typographical errors have been corrected, and one duplicative paragraph was removed.

We apologize for the oversight.

Should you have any questions or concerns, do not hesitate to contact me.

Sincerely,

Jennifer Nelson Clark
Senior Corporate Counsel
Questar Gas Company
