Re: Docket No. 13-057-13, In the Matter of the Application of Questar Gas Company for Approval to Include Property under the Wexpro II Agreement

Dear Mr. McKay,

The Commission has reviewed the 2014-2015 Trail Unit Stipulation Report (Report) filed by Questar Gas Company (Questar) on June 24, 2015, in Docket No. 13-057-13. The Report was filed in accordance with Paragraph 14 of the Settlement Stipulation approved in the Commission's January 17, 2014 Report and Order in this docket.

The Division of Public Utilities (Division) reviewed the Report and explains the Report contains Questar's reasoning for its decision to either sell or shut in excess Company gas for the months of April through October 2014. The Division notes that during the time period under review no excess gas was sold, however there were times in April 2014 where Questar offered gas for sale but there was no buyer. The Division compared the Report to the requirements of Paragraph 14 of the Settlement Stipulation and determined that the Report provides the required information. The Division recommends that the Commission accept the Report, but take no action at this time. No reply comments were filed in this docket.

Based on the Division's review and recommendation, the Commission acknowledges the Report provides the information required in Paragraph 14 of the Settlement Stipulation.

Sincerely,

/s/ Gary L. Widerburg  
Commission Secretary
