Re: Docket No. 14-057-22

Dear Mr. White:

Questar Gas Company appreciated the opportunity to participate in the technical conference in the above-referenced docket on December 15, 2014. I have enclosed, for the convenience of the Utah Public Service Commission (Commission), copies of the documents distributed during the technical conference and the power-point slides utilized in the technical conference. Some of the documents are confidential and, therefore, I have enclosed a confidential set, marked in accordance with Utah Admin. Code R746-100-16, as well as a redacted, non-confidential version for the Commission's file.

The enclosed documents are as follows:

- Attachment 1. Excerpt of QGC Exhibit 1 to the Application in Docket No. 14-057-22.
- Attachment 2. Confidential Exhibit C to the Application in Docket No. 13-057-13
- Attachment 3. Wexpro II Forecasted and Actual Volumes Graph
- Attachment 4. Confidential Data Offered in Response to Data Request 1.06
- Attachment 5. Confidential First Draft of Comparison of Cost of Service with and without Future Drilling
- Attachment 6. Example Well Compression Graph
- Attachment 7. Power Point Slides

Those documents identified as Confidential pursuant to Utah Admin. Code R746-100-16 are also considered "protected" pursuant to Utah Code Ann. 63G-2-101 *et seq.* Questar Gas requests that the identified information not be released to the general public because to do so would cause unfair competitive injury to Questar Gas. Among other things, disclosure of the enclosed confidential information would result in a significant bargaining disadvantage for the Company in negotiations with producers. Questar Gas requests that the Commission maintain the information as confidential pursuant to the applicable statutes, rules and regulations.

I have also provided copies of this letter and the attachments (including confidential attachments) to the Division of Public Utilities and the Officer of Consumer Services.

Please contact me if you have any questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "Jenniffer Nelson Clark". The signature is written in black ink and is positioned above the printed name.

Jenniffer Nelson Clark
