Re: **Request for Agency Action to Review the Carrying Charges Applied to Various Questar Gas Company Account Balances**

Docket No. 14-057-32

RECOMMENDATION

The Division of Public Utilities (Division) requests that the Utah Public Service Commission (Commission) set a Scheduling Conference at the earliest opportunity.

ISSUE

On December 31, 2014 the Division made a request for Agency Action to review the carrying charges applied to various Questar Gas Company (Questar or Company) account balances. On January 2, 2015 the Commission issued an Action Request to review the filing and make recommendations by January 30, 2015. This memo is in response to the Commission's Action Request.

The Division anticipates the need for a Technical Conference to review and make recommendations regarding the carrying charge rates on various Questar accounts. The Division

requests that the Commission set a Scheduling Conference at the earliest opportunity. The Division will participate according to the Scheduling Order.
