RE: Docket No. 16-057-07, "In the Matter of Questar Gas Company Financial Documents Filed in 2016"

Dear Mr. Parker:

On April 29, 2016, Questar Gas Company (Questar) filed its Utah Results of Operations Report for the twelve months ending December 31, 2015 (Report). In response to the Commission's April 29, 2016 Action Request, the Division filed a memorandum on May 31, 2016 providing its analysis and evaluation of the Report.

The Division recommends the Commission take no action on the Report. The Division states it did not identify any item of material significance indicating the need for modification of the filing or for action to change the Report as filed. The Division notes the results presented in the Report will be the base for the forecast in Questar's upcoming general rate case and will be reviewed in greater detail in that proceeding.

The Commission reviewed the Report and the Division's memorandum and appreciates the summary and analysis provided by the Division. The Commission supports the Division's continuing efforts to work with Questar Gas to ensure the Report is valuable for examining and monitoring Questar's regulated earnings.

Sincerely,

/s/ Gary L. Widerburg
Commission Secretary
