RE: Docket No. 16-057-17, "In the Matter of Questar Gas Company's Replacement Infrastructure 2017 Annual Plan and Budget"

Dear Mr. McKay:

The Public Service Commission of Utah (PSC) reviewed Questar Gas Company's (Questar) Replacement Infrastructure Annual Plan and Budget for calendar year 2017 (2017 Plan) filed on November 15, 2016, and the comments filed by the Division of Public Utilities (Division) on December 13, 2016.

The Division concludes the 2017 Plan is in compliance with the reporting requirements stipulated to and approved by PSC order in Docket No. 13-057-05. According to the Division, Questar proposes a \$64.15 million budget for the 2017 Plan, which consists of the following projects:

1. \$46.1 million for the Feeder Line 21;
2. \$0.4 million for the Feeder Line 26;
3. \$17.1 million for the Belt Line replacement program; and
4. \$0.55 million for pre-engineering work for future projects.

In addition, the Division represents the 2017 Plan budget of \$64.15 million is slightly less than the \$68.7 million Infrastructure Tracker budget cap less the \$4 million adjustment ordered in
