This email will serve as a follow to my phone call with your office earlier today.

Based on the unique circumstances of this case, we are requesting an expedited hearing in this matter. This request is based on, but not limited to, the following facts:

1. Natural gas service to our building was terminated in June of this year;
2. Our building is heated by natural gas heaters;
3. Our building has a sprinkler fire suppression system that is required for ongoing occupancy;
4. Our fire sprinkler company informed us this week that without heat, we will need to drain our system within a few weeks;
5. The cost to drain and later refill the system is substantial;
6. Without an active fire sprinkler system we will be forced to evacuate the building;
7. If we are forced to evacuate the building, we will incur substantial damages to relocate;
8. There are few, if any, locations we can move to.

Based on the foregoing, we respectfully request the Commission schedule a hearing on this matter as soon as possible.
