Re: Docket No. 19-057-02

Dear Mr. Widerburg:

On March 17, 2020, the Utah Public Service Commission (Commission) approved the tariff sheets in the above-referenced docket reflecting changes occurring as a result of the Commission's Report and Order in that docket. Dominion Energy Utah (DEU) filed those tariff sheets on March 10, 2020. Since that date, DEU has discovered that it had overlooked one required change. Specifically, Section 2.05 of its Utah Natural Gas Tariff No. 500 (Tariff) erroneously refers to a 30-year timeframe for the calculation of Cycle Degree Day Variance instead of a 20-year timeframe required by the Commission's Report and Order. Therefore, DEU submits the attached Tariff revisions reflecting correction of this error. This Tariff revision reflects the determinations and the decisions contained in the February 25, 2020 Report and Order. The Company has discussed the matter with the Division of Public Utilities (Division) and the Division supports the correction.

We have enclosed a legislative copy, as well as a proposed copy of the correction

If you have any questions regarding this matter, please do not hesitate to contact me.

Very truly yours,

/s/ Jennifer Nelson Clark
