

**CONFIDENTIAL -- SUBJECT TO UTAH PUBLIC SERVICE
COMMISSION RULES R746-1-602 AND 603**

P.S.C.U. Docket No. 19-057-13

Data Request No. 4.03

Requested by Division of Public Utilities

Date of DEU Response September 16, 2019

DPU 4.03: Please provide the actual dollar amount that has been spent each year on the proposed LNG facility from 2014 through YTD 2019. Actual expenses should include the cost of any study, analysis, engineering, title search, land acquisition or option to purchase, and any other related cost.

Answer: The requested information is Confidential and will be provided to those parties who agree in writing to comply with Utah Administrative Code R746-1-602 and 603.

The amounts are shown in the table below:

The capitalized costs include engineering, project management, environmental, A&G and land acquisition costs.

The expenses include legal and consulting costs related to the RFP issuance and the Commission filings.

Prepared by: Michael Gill, Director, Engineering and Project Manager
Kelly B Mendenhall, Director, Regulatory and Pricing
