Re: **Docket No. 19-057-23.** Application of Dominion Energy Utah for Approval of Special Agreement with Rawhide Leasing, LLC for CNG Service

Recommendation

The Division of Public Utilities (Division) recommends that the Public Service Commission of Utah (Commission) allow the Division an extension of one week to reply to the Commission's Action Request.

Currently Dominion Energy Utah (Gas Utility) is finalizing the language of a draft stipulation that will resolve the issues in principle in this case. The Division believes that no more than a week (October 10, 2019) will be required for the parties to both have resolved the issues and file a settlement stipulation or it will be prepared to submit its position.
