Ms. Anderson –

Alan Kruckenberg Construction, Inc. developed a 4 lot subdivision in Fall of 2018.

South Cottonwood Heights Amended is located at 5347 South Vine Street in Murray, Utah.

Alan Kruckenberg Construction, Inc. proposed that the four (4) individual gas services be located in the 10' wide PUEs on between Lot 101 and Lot 104.

Dominion Energy insisted on installation of gas services in the Right of Way.

The ROW is 28' wide with a 20' wide asphalt drive accessing the flag lots 102 and 103.

The gas service for Lot 102 was installed between the asphalt drive and the foundation of lot 101.

The trench was improperly filled. Sand or other compactable fill was not used.

The trench has subsided and the a 20' wide asphalt drive has been damaged.

Alan Kruckenberg Construction, Inc. has filed a Formal Complaint with the Public Service Commission regarding this matter.

Alan Kruckenberg Construction, Inc. requests that Dominion Energy provide suitable fill material for the trench, back-fill and compact the trench and repair or replace affected asphalt.

Should this Complaint Request or the Formal Complaint with the Public Service Commission fail to resolve this issue, Alan Kruckenberg Construction, Inc. will escalated the matter legally.

Looking forward to a timely and positive response.

Jeff Kruckenberg
