Community Questionnaire

Community: Eureka City

Community Contact Name: Nick Castleton Position: Mayor

Contact Phone: 435-660-6788 Email: mayorcastleton@yahoo.com

Population:

2000 Census: 720 2010 Census: 679 2020 Census (est.): 850

1. How many water connections exist?

a. Residential: 359 b. Commercial: 20 c. Industrial: _____ d. Other: _____

2. How many potential customers exist in a square mile?

This number will help determine the average length of service lines, which run from the street to the building/home.

379

3. How many existing homes would potentially use natural gas for heating?

359

4. How many commercial energy users exist?

10

5. How many large commercial/industrial customers exist?

0

6. If necessary or required, can the community financially contribute to the project? If so, please indicate where the contribution will come from:

☐ City ☐ County ☐ Bond ☐ Property tax

7. Are customers willing to pay a monthly fee (Extension Area Charge) in addition to the normal monthly bill in order to pay for the infrastructure, if necessary or required?

☒ Yes ☐ No

8. What is the community's growth projection for:

a. The next 5 years: double b. The next 20+ years: Triple

9. What is the community's growth plan?

Eureka updated its General Plan last year. In a survey 74% of residents want growth. We are currently working to develop two subdivisions. 100 units 55+, 100 units single family

10. How does the availability of natural gas contribute to these plans?

IT would make new homes much more appealing to the potential market

11. What other growth opportunities can be realized by the community by expanding natural gas to the area?

There have been inquiries for commercial customers but without natural gas it isn't feasible.

12. Is there a requested in-service date?

The sooner The better

13. Is the community willing to enter into a 15-year (renewable)

Franchise Agreement with Dominion Energy?

☒ Yes ☐ No
