 UTAH DEPARTMENT of ENVIRONMENTAL QUALITY WATER QUALITY	Authorization to Discharge under the Construction General Permit (CGP) for Storm Water Discharges Associated with Industrial Activities	CGP

The Utah Division of Water Quality (DWQ) is in receipt of the Notice of Intent (NOI) requesting coverage for Eureka IHP Distribution Project (WBS#85086.5), State Highway 6, Eureka, UT 84628 under the Construction General Permit for Storm Water Discharges (CGP). As of 05/04/2021, this facility is authorized to discharge storm water, provided that all discharges are in compliance with the requirements of the current CGP. This includes development and implementation of a storm water pollution prevention plan, conducting self-inspections, training, visual assessments of discharges, and potentially analytical monitoring. Please keep a copy of this Authorization to Discharge on site with your NOI.

An annual fee is required each calendar year to maintain coverage. If the fee is paid and the facility complies with the permit terms, then the coverage will remain effective until 05/03/2022. At that time the NOI will need to be re-certified and a new Authorization to Discharge will be issued.

Your electronic signature on the NOI form certifies that you have read, understood, and are implementing all of the applicable requirements. An important aspect of this certification requires that you have correctly determined whether you are eligible for coverage under this permit. This authorization does not represent a determination by DWQ regarding the validity of the information provided on the NOI. A copy of the NOI submission can be downloaded at this link: <https://cdxnodengn.epa.gov/net-cgp/api/public/v1/form/1355215/attachment/zip>.
