Re: DOMINION ENERGY-UTAH 2019 RESULTS OF OPERATIONS

Docket No. 20-057-10

On May 18, 2020 Dominion Energy-Utah (the “Company”) filed its Results of Operations for the twelve months ended December 31, 2019. On May 18, 2020, the Utah Public Service Commission (“Commission”) issued an action request for the Division to review for compliance and to make recommendations on this filing, with a due date of June 17, 2020.

After an initial review of the filing, the Division has determined that the review will require requests for information from the Company, in-house modelling of spreadsheets, and additional review procedures. In past reviews the Division has found that this additional work will require an additional three to four months. Therefore, the Division is hereby requesting that the Commission extend the due date of the Division’s response to August 31, 2020. This will allow the Division sufficient time to conduct the proper review and make recommendations.
