Re: **Docket No. 20-057-T01**, In the Matter of Dominion Energy Utah's Proposed Tariff Revisions to Natural Gas Schedule No. 500, Regulation Charges.

Recommendation (Approve)

The Division of Public Utilities ("Division") recommends the Commission approve Dominion Energy Utah's ("DEU") proposed changes to Utah Natural Gas tariff 500, Section 8.07 revising the carrying charge from 4.37% to 3.88%.

Discussion

On February 27, 2020 DEU filed revised tariff sheets to implement the annual carrying charge update. In response to the Commission's action request to the Division dated February 26, 2020, the Division reviewed the filing and has determined the proposed carrying charge of 3.88 percent was correctly calculated pursuant to the Commission's Order dated February 23, 2017 in Docket No. 17-057-T01 ("Order"), and complies with the new deadlines.

Conclusion

Based on the Division's investigation, the Division recommends the Commission approve the revised Utah Natural Gas tariff 500, Section 8.07, decreasing the carrying charge to 3.88 percent with an effective date of April 1, 2020.
