- BEFORE THE UTAH PUBLIC SERVICE COMMISSION -

)	DOCKET NO. 04-999-03
In the Matter of an Investigation into Pole Attachments)	
)	ORDER GRANTING TEMPORARY
)	EXEMPTION

ISSUED: February 8, 2006

By The Commission:

On February 2, 2006, the Commission issued a letter to the Parties of Docket No. 04-999-03 explaining that it intended to make the Proposed Rule Effective and grant an exemption to electrical utilities to the portions of R746-345 that dealt with the self build option for make ready work involving electrical facilities. The Commission has determined that the rule should be made effective, but additional time is needed to address the concerns raised for self build activities on electrical poles through further rulemaking. Pursuant to Rule 746-100-15, the Commission will exempt electric utilities from that portion pending resolution of these issues in the further rulemaking process.

<u>ORDER</u>

NOW, THEREFORE, IT IS HEREBY ORDERED, that the Commission grants a temporary exemption as follows:

For the application of Rule 746-345-3.C.8, the Commission will not require the pole owner to allow the applicant to self build the portion of the make ready work which would require the movement or replacement of poles or working with the electric utility's facilities located on a pole.

DOCKET NO. 04-999-03

- 2 -

DATED at Salt Lake City, Utah, this 8th day of February, 2006.

/s/ Ric Campbell, Chairman

/s/ Ted Boyer, Commissioner

/s/ Ron Allen, Commissioner

Attest:

/s/ Julie Orchard Commission Secretary G#47606
