Re: Utah 2007 Annual Report

PacifiCorp (dba Rocky Mountain Power) submits for filing an original and five (5) conformed copies of its Utah Public Service Commission Annual Report for 2007. As compared to the report filed in previous years, the 2007 Annual Report includes only the Utah-specific electric operating revenues, Account 440, section of the report.

On January 3, 2008, Rocky Mountain Power filed with the Utah Commission a request to eliminate the requirement to file the Utah Annual Report, noting that the same information, in a more detailed format, was also filed twice each year with the semi-annual results of operations. In its order of March 26, 2008, in Docket 07-035-95 the Commission concluded that a portion of the Utah Annual Report was unnecessary. The Commission, however, found value in the Utah-specific revenue portion of the Utah Annual Report and directed the Company to continue filing this information.

It is respectfully requested that all formal correspondence and Staff requests regarding this filing be addressed to:
