(5) RECOMMENDATION ON HOME ENERGY REPORTS In the Matter of the Consideration of the Amendment of Title 16 U.S.C. 2621(d) and the Addition of Title 42 U.S.C. 6344 by the U.S. Energy Independence and Security Act of 2007

The Commission's December 17, 2009, Determination Concerning the PURPA Smart Grid Investment and Smart Grid Information Standards in Docket 08-999-05 directed the DSM advisory group to review the Home Energy Report introduced by Brendle et al in this docket and provide a recommendation whether or not such report is appropriate for implementation in Utah. If so, the Commission requested an estimate of the costs and timing necessary to implement such report.

On February 28, 2011, Rocky Mountain Power filed a "Review of Home Energy Reports."

Please review and evaluate the attached Review of Home Energy Reports and provide comment on the report, including supporting assumptions, and Rocky Mountain Power's recommendations.
