-== MEMORANDUM ==-

FROM: Division of Public Utilities

William Duncan, Manager, Telecommunication & Water Section
Shauna Benvegnu-Springer, Utility Analyst

SUBJECT: In the Matter of the Property Owners Request for Verification of a
Public Water System in Utah – Project Application No. 25473

RE: Docket No 09-9999-01

DATE: October 13, 2010

RECOMMENDATION:

The Division recommends the Public Service Commission of Utah to request Salt Lake County to deny the proposed project referenced above because the project is not defined sufficiently to perform verification on the public water system.

EXPLANATION:

The Division has reviewed and researched the request from Salt Lake County Planning and Development Services Division regarding Project Application No. 25473 for the conditional use of land near 9744 Big Cottonwood Canyon Road in Salt Lake County. The Division has talked with the applicant of the project and the utilities to be used are not defined. When the project has been defined sufficiently to determine what utilities will be used the Division can perform the verification of the public water system at that time.
