Re: Annual Cost of Service Study

Dear Mr. Taylor:

Please provide the 2013 annual class cost of service study for the regulated operations of PacifiCorp as required by the Commission's order dated November 23, 1999, in Docket No. 98-2035-04, item 17 (f). The Commission understands there may have been some misunderstanding regarding this requirement in connection with subsequent rulemaking requirements for filing future test periods and commitments associated with the acquisition of PacifiCorp by MidAmerican Energy Holdings Company. However, those subsequent requirements do not in all instances require the filing of historical cost of service results and therefore do not replace the requirement for an annual cost of service study. In the interest of maintaining an annual record of historical cost of service for PacifiCorp's Utah jurisdiction, the Commission requests PacifiCorp file the 2013 cost of service study results within 60 days of this letter. In the future, the Commission requests PacifiCorp file the annual cost of service study within 45 days of filing the year-end semi-annual financial results of operation. Thank you for your attention.

Sincerely,

/s/ Gary L. Widerburg
Commission Secretary
