Re: **Sole Source Contract with Tetra Tech Inc. Exercise the First of Two Extension Options**

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into a source contract with Tetra Tech Inc., which exceed \$500,000. The contract amount is \$750,000.

PacifiCorp entered into a contract with Tetra Tech in 2007 as an environmental consultant for the Gateway West Transmission Line Project, resulting in the favorable Record of Decision for segments 1-7 and 10 in November 2013. Their environmental consulting services continue to be required to obtain a favorable record of decision for segments 8 and 9 of the project and to assist in the NEPA permitting work. Because of its ongoing work with the Gateway West Transmission Line, Tetra Tech is the only provider that can meet the time line requirements of the project.

This sole source procurement contract was authorized March 16, 2014, by Natalie Hocken, Senior Vice President Transmission.

If you have any questions, please feel free to contact Dave Taylor at (801) 220- 2923.

Sincerely,

Jeffrey K. Larsen  
Vice President, Regulation & Government Affairs
