Re: Notice of Non-Competitive Procurement with Dynalectric Company d/b/a Wasatch Electric

Commissioners:

In accordance with PacifiCorp's Procurement Policy, the Company must report to the Commission purchases of goods or services exceeding \$500,000 that are not competitively bid. This letter hereby serves as notice that, on October 9, 2015, PacifiCorp entered into a non-competitively bid release under an active master construction contract with Dynalectric Company d/b/a Wasatch Electric ("Wasatch Electric"), which exceeds \$500,000. The release has a projected cost of \$960,398.

Pursuant to PacifiCorp's Procurement Policy, a supplier may be awarded a contract on a non-competitive basis under certain circumstances, such as when competitive bidding is impossible or impractical, or when otherwise a non-competitive procurement has been demonstrated to be in the best interest of the Company. Accordingly, the release entered into by PacifiCorp with Wasatch Electric was justified. A customer of PacifiCorp requested that the Company obtain the services of Wasatch Electric to support the construction of a 138 kV primary metering facility needed to provide electric service to the customer. Such customer requested Wasatch Electric because it was familiar with the customer's project.
